

## I Bought a Savings Bond But I Never Received It!

Did you purchase a savings bond on a prior year tax return, but you never got your bond? Here is what you need to do to request a replacement bond:

**1. Download and complete form 1048 for lost, stolen, destroyed bonds**

<https://www.treasurydirect.gov/forms/sav1048.pdf>

If you need help completing this form, you can make an appointment with one of our Financial Coaches. Appointments for Financial Coaching can be made online by going to [www.foundcom.org](http://www.foundcom.org), clicking on the “Get Financially Stable” tab and selecting “Financial Coaching” from the drop down menu. Alternatively you can email [financialcoach@foundcom.org](mailto:financialcoach@foundcom.org) or call 512-610-4026. Please make sure to mention that you are requesting help with replacing a savings bond.

**2. Once you complete the form, you need to get signed by a certifying officer at a financial institution.** You can find a certifying officer at most banks and credit unions. Call ahead of time to make sure a certifying officer is present. Some financial institutions charge for the service; be sure to ask about cost ahead of time.

**3. Mail your certified form to address indicated on form 1048 for Series I bonds.** Bonds purchased through your tax return are Series I bonds.

If you have additional questions, please contact Casandra with Foundation Communities [Casandra.silva@foundcom.org](mailto:Casandra.silva@foundcom.org); 512-610-7967.
