

FOUNDATION COMMUNITIES COLLEGE HUB INVESTMENT

Sponsorship

Foundation Communities' College Hub is a neutral, one-stop shop that closes the gap in services experienced by students who are first generation, nontraditional and from low-income backgrounds who may not otherwise have the opportunity to attend and complete college.

The College Hub integrates and deepens FC's decades-long commitment to serving nontraditional students with its suite of college support programming.

SUCCEED

Through Succeed, we provide intensive, individualized, wraparound services to current or prospective college students at Austin Community College, Texas State University, and Texas A&M University - Central Texas. Succeed provides an additional level of support by giving students a coach dedicated to their success as well as designated counselors and resources on campus, matched savings, emergency funds, and assistance finding other resources.

FREE MINDS

Since 2006, this program has provided a free two-semester college humanities class (six credit hours) to adults who do not yet have a college degree and who have not attended college within the past two years. Free Minds students explore literature, history, philosophy, and writing with experienced faculty from UT Austin and ACC. We offer childcare, dinner, case management, and class materials, and many of our students use the six fully transferable credits they earn in Free Minds to matriculate at ACC.

1-ON-1 SUPPORT

Each year this program assists more than 1,000 students with college coaching and application assistance, including FAFSA or TASFA submission, verification paperwork, scholarship support, and college application help.
