

FOUNDATION COMMUNITIES SUPPER CLUB

Sponsorship

Foundation Communities serves over 850 low-income single adults across seven communities. Our unique model of housing + onsite services offers a supportive environment for residents who are exiting homelessness, living with mental and physical health challenges, veterans, and individuals with disabilities.

Donors and volunteers play an integral role in our commitment to providing more than just a roof over someone's head, but building strong, healthy communities too.

Our Supper Clubs provide an opportunity for volunteers and residents to share a meal and get to know each other, creating meaningful connections and helping to build community spirit!
