

FOUNDATION COMMUNITIES RUNNING BUDDIES AND FITNESS CAMINO 5K

Sponsorship

Children and teens from any of our youth programs will participate in a five-week in-person or virtual training program with a running coach starting in March. Each week they will have activities to complete and chances to win challenges. Training will culminate at the Fitness Camino 5K run in April where participants run on their own virtually or in-person with family and friends.

Help us make 2023 a success!
