- The income limit is the maximum income you can earn to live in a program unit. These limits are released by the federal government every year and are based on what other people in your area earn. Income limits vary by the number of household members.
- The rent limit is the maximum rent the property may charge for the program units. The rent limit is a percentage of the income limit. Rent limits vary by the number of bedrooms in an apartment. Housing Authority voucher holders will be charged Fair Market Rent which may be higher than the established rent limit.
- Rent limits for TDHCA rental programs are not based on your individual household income.
- Each property has its own Land Use Restriction Agreement or "LURA" which determines the number of apartments that must be leased at certain income and rent limits.
- Income and rent limits may be different for apartments with the same floor plan on the same property. This means that your rent may be different from your neighbor's rent because of the LURA. Other properties in the same area can have different income and rents limits because their LURA may be different.

INCOME REQUIREMENTS:

- Private Pay Applicants: Must have verifiable monthly earned income at least 2.5 times the monthly rental amount.
- Applicants that receive disability income, retirement income, SSI or SSDI: The household must meet at least 2 times the
